Mayor Petrolia asked about Field House rental procedures. Ms. Simon suggested Parks and Recreation would continue to handle the Field House through 2022.

Mayor Petrolia recommended outreach to the Delray Beach Historical Society as a resource for the #LoveDelray exhibition.

Mayor Petrolia asked about the agreement. Ms. Simons confirmed the intention is to have an interlocal agreement with the City of Delray Beach.

Mayor Petrolia inquired about reimagining the Cornell Museum. Ms. Simons responded the proposed Business Plan will include consideration of all buildings on the Old School Square campus and ways. Ms. Boyd added additional ideas to activate the Cornell Museum.

Deputy Vice Mayor Casale spoke on the proposed funding. She recommended rebranding sooner than proposed and supports activation. Discussion ensued about roles moving forward.

Deputy Vice Mayor Casale inquired about the future financial outlook. Mr. Denkler, DDA Board Treasurer, stated the agreement terms need to be outlined.

A discussion ensued about funding and sponsorship.

Commissioner Boylston noted the significance of the Old School Square grounds to the City. He recommended a multi-year strategy and master plan for Old School Square. He suggested activating the front lawn.

Vice Chair Gray acknowledged the historical financial support provided by the CRA to Old School Square. She asked about additional collaboration. Ms. Gatto outlined partnership opportunities. She requested that the large City events are still considered when scheduling the campus.

Vice Mayor Frankel expressed concern about the requested funding and asked where it was coming from. Ms. Simons responded the requested funding is from the City but noted it does not include sponsorship or grant funding.

A discussion ensued about the rebrand and past funding.
Lori Hayward, CRA Finance and Operations Director, noted the City contributed approximately $250,000 annually to Old School Square until 2016.

Renee Jadusingh, CRA Executive Director, added that CRA funding is restricted. Kim Phan, CRA Legal Advisor, provided background on A-GUIDE funding.

Mr. Frione stated businesses fail due to lack of capital and said Old School Square needs to be funded sufficiently to be successful.

Commissioner Johnson supports the request and likes the ideas presented. She asked about the non-profit idea Ms. Simon mentioned in a conversation.

Ms. Simon stated an area the DDA has been considering even prior to OSS was to create a non-profit foundation that would fund arts and culture. Commissioner Johnson said the focus of the CRA is “bricks and mortar” and not programming.

Ms. Jadusingh briefly referenced the 2017 Old School Square Master Plan and lighting.

Commissioner Brooks asked Ms. Jadusingh how much the CRA has invested in the OSS property since the 1990s - present. Ms. Jadusingh said the CRA provided approximately $2.6 million in capital funding from 1999 – 2019 and $4.5 million in A-GUIDE funding. Ms. Hayward added it was approximately $9 million total including the City’s funding.

Dr. Conde said they are ready to work collaboratively to make OSS successful.

Ms. Benson provided additional comments about accountability.

Ms. Woodson spoke about the Board’s commitment to integrity, collaboration, and return on investment.

A discussion continued about success, sustainability, funding, and transparency.

City Attorney Gelin asked for clarification on roles. Deputy Vice Mayor Casale recommended identifying a liaison. Commissioner Johnson suggested Sam Metott, Parks and Recreation Director, immediately take over the events on the OSS campus.

Mayor Petrolia requested Ms. Gelin provide an update on the Interlocal Agreement on a future City Commission agenda.
